

It Just Feels Like Home

Fiberglass Door

s e r i e s

Escon's Fiberglass Series has the doors and sidelights you need to customize the perfect entryway. This high quality collection of exterior doors has deep-profile fiberglass skins and raised moulding around the glass area*, Hydroshield Technology, and a variety of coming colors. All doors and complementing components are available in a variety of stains and finishes that complete your home's exterior.

* Does not apply to flush glazed doors

• **Red Oak**
• **Premier Series (Mahogany)**

• **Mediterranean**
• **Forged Iron**

Hydroshield Technology™ - Our Exclusive water-resistant seal protects doors against water infiltration on all sides to prevent warping, delamination, corrosion, rotting and the buildup of mold and mildew. This Hydroshield seal consists of:

- Fiberglass Reinforced Door Skins - Our High-impact compression molded skins will not splinter, dent, warp, rot or rust.
- Full-length Composite Stiles - Full-length composite stiles provide complete waterproofing for the door's insulation. Composite stiles have two times the screw-holding capabilities of wood-edge doors and will not splinter like wood or dent like steel.
- Composite Bottom Rail - High-strength engineered composite bottom rail prevents moisture from seeping into door.
- 20" Extended Lockblock - Our 20" extended lockblock allows a full range of door hardware to be installed.
- Environmentally-Sound Polyurethane Foam Core - CFC Free
